The winners were coming in fast and furiously during the past couple of months. We had lots of fun sharing the news and reporting the winners.

Keep playing because you really NEVER KNOW when it will be YOUR TURN to capture the prize(s).

Letter from the Founders *Andy & Judy Amada*

As one year ends and another begins, it's always a great time for reflection.

We are happy for another year of offering this one of a kind and unique service to lottery players in the State of Arizona, and we look forward to 2012 being a Big \$ucce\$\$ for our members. Many of you have become friends that we enjoy meeting and chatting on the phone with as well. All of this camaraderie just makes the desire to bring home that jackpot winner all the greater. We don't think winning a jackpot is anything you 'ramp' up to. It just hits, out of the blue and WHAM... there you go.

Not long ago, there was a story about a group of plumbers out of Canada that won a \$30 million jackpot. These 7 plumbers played for a number of years together. One fellow named Dave, had dropped out of the group about a year earlier. He said it was hard to stay in. He kept putting in cash and wasn't winning big. He decided it just wasn't going to happen. And then it did. Dave said he was happy to learn his co-workers were new millionaires. He offered them a quick proposal. He said, "If each of you gives me \$100,000, then I can retire too." Dave said, "I didn't have any bites. It's just one of those things."

We think this illustrates an important point. Don't alter your lottery buying pattern. If Dave would have stayed in the pool, he would be some millions richer and retired. It also reminds us of the many folks who say they only play the lottery when it reaches a certain amount, like \$100 million. Well, if these people would have done that, they would not have won. So play,

regardless of the jackpot amount, as it is irrelevant. Even the smallest jackpot is a life-changing win.

The purpose of this story is not to strike fear in your heart, should you decide not to play. But you know we've all heard these same kinds of stories. If you can find a comfortable, affordable spot to hang in there, do so, because you JUST NEVER KNOW.

On January 15, 2012, Powerball will be making some changes to their game. It has been a very long time since the last significant change, and we are curious to see what the effect will be. The price will go from \$1 per ticket to \$2. The multiplier or power play tickets will go from \$2 to \$3 each. The odds will come down and some of the prize amounts will go up, the most significant one will be a cool \$1 million for hitting 5 white balls. The goal is to make more millionaires. That's an idea we can get behind. Jackpots will start at \$40 million and the powerball folks predict a rapid increase in jackpot amounts. You can read more details about the changes in the News you Need section of this newsletter.

The important thing to note is that you need do NOTHING. Our prices will remain the same.

The number of powerball tickets will be reduced by half due to the price increase. Once these changes take place and you become comfortable with them, you can decide if you want to make any changes. There is nothing you need to do now. Everything will continue as before. We hope you'll come along with us or join in the fun, if you're not playing already, to see how it will all work.

If you haven't purchased any Millionaire Raffle pools, or even if you have and would like to get into more, we are still putting those pools together for the big January 4, 2012 drawing. See details for that in the [News You Need](#) section also.

In the meantime, we plan to bring you more chances of winning with maybe even a few tricks up our sleeve in the coming months. Stay tuned for chills and thrills in 2012.

We wish you a Very Merry Christmas, a Happy Hanukkah and a Joyful New Year.

By the looks of Minnie, she's been indulging in her share of hot chocolate and cookies.

Don't be alarmed. It's just the padding. Good cover, Minnie!

But truly she deserves some rewards because she's been working time and a half checking her inventory list of scratchers to make sure you get the latest and greatest tickets. She wants to help you get some extra cash in your pockets for the holidays.

Looks like she's been doing a good job too. Just look at the winners listed below who were kind enough to let us know that they added some 'jingle' to their pockets.

Second Chance Sweepstake

This ongoing contest continues to be a hit because it's fun, easy and gives everyone a chance to turn those "lemons" into "lemonade"!

Here's how it works: No purchase is necessary. Just take any losing scratcher ticket, write your last name on the back along with your ID# so we can identify you easily and send them to: **PowerPick, 8024 N 24th Ave. Suite 306, Phoenix, AZ 85021.**

You may send as many as an envelope will hold. Each and every Friday we pull ONE lucky winners. We dump the prize barrel and start all over again everytime a newsletter is published (every two months).

Give it a try. The odds are really good to snag a winner here so save up ANY losing scratchers that you may have and you may just be one of our next second chance winners! **NEW: Beginning with our February drawings, winners are eligible to win once every TWO months.**

**One winner will receive

Recipe

OF THE MONTH

Holiday 'Cheery' Cobbler

What's cheerier than cherries for the holidays? This yummy cherry cobbler will become a go-to dessert for any time, but young and old will enjoy it warmed with a scoop of vanilla ice cream or whipped cream.

INGREDIENTS:

- 1 can of cherry pie filling
- 1 pkg of yellow or white cake Jiffy mix (may substitute half a box of a Betty Crocker or Duncan Hines mix)
- 1/2 cup chopped walnuts
- 1/2 cup butter

DIRECTIONS:

1. Spray an 8 x 8 pan with cooking spray.
2. Add the canned cherries.
3. Sprinkle the cake mix over all.
4. Cut the stick of butter into thin slices and place it all over the top of the cake mix.
5. Then sprinkle with the chopped walnuts.
6. Bake at 325 for 1 hour. Serve warm and enjoy!!

NEWS
YOU
NEED

Powerball Changes Starting January 15, 2012

As you may know by now, Powerball is making some changes to the game beginning on January 15, 2012. It's important to note that you need not do anything to change your play. **Our prices will remain the same.**

We have listed the changes below and what they will mean to you. It will be interesting to see what the impact will be to the game. The Powerball folks expect higher jackpots and more millionaires. We suggest you stick with the status quo for now and see how it all plays out. Then if you decide to make any changes, we are here to help you anytime.

Powerball is raising their price to \$2 per ticket. For that:

- The jackpot will start at \$40 million.
- The second prize will increase from \$200,000 to \$1,000,000 and the second prize is 34X Easier to win than the jackpot!!
- The \$3 prize will increase to \$4
- The red ball (Powerball) will be reduced from 39 numbers to 35 numbers.
- The odds of winning the jackpot will drop from 195 million to 1 to 175 million to 1.
- The overall odds will drop from 35 to 1 to 31.8 to 1.

In order to keep our prices the same, we will need to reduce the number of powerball tickets in half, so there

won't be any changes in what you pay. We will, however, create an option so if you want to increase the number of Powerball tickets to where they were before, you will be able to do that.

You may want to switch to Mega Millions. That game also has huge jackpots like Powerball, but the ticket price will remain at \$1. That game also has huge jackpots like Powerball, but the ticket price will remain at \$1. The odds of hitting the jackpot will be almost identical as Powerball, but the second prize, which is \$250,000 is about 30% easier to win. And, the fourth prize is \$150 instead of \$100. So Mega Millions could be a good substitute if you don't like the changes to Powerball. Each game has its own benefits and drawbacks.

Here's what's happening to Powerball Power Play (which we call the Multiplier pool):

The cost of adding the Power Play option will remain the same - just an extra \$1. To keep the price to you the same, we will only have to reduce the number of tickets by 1/3rd. The multiplier will now be fixed depending on the prize. Here are the new prizes when you pay for the Power Play option:

- \$1 million will increase to \$2 million.
- \$10,000 will increase to \$40,000.
- \$100 will increase to \$200.
- \$7 will increase to \$14.
- \$4 will increase to \$12.

So, that's about it for now. Give it some thought and if you want to make any changes to your selection just let us know, and feel free to share your thoughts or call us with any questions.

Thanks,

Judy and Andy

***** JOIN AZ's LATEST RAFFLE ***
ONLY \$20 TO GET INTO A POOL!**

The 7th Millionaire Raffle went on sale November 1, 2011, with the final drawing scheduled for January 4, 2012.

We began forming pools on Nov 1 and will continue to do so until all of the tickets are sold out. The tickets seem to be going fairly quickly and so if you haven't already joined a pool, or if you would like to get into more pools, we suggest that you do so soon.

Here are the pertinent facts:

- Tickets went on sale November 1, 2011
- There will be 300,000 total tickets available
- The cost of the tickets is \$20 each
- We will be forming groups of 5 with 4 tickets available in each pool

The Prize Structure is as Follows::

- 1 Grand Prize of \$1,000,000 (January 4, 2012)
- 6 prizes of \$100,000 (1/4/12)
- 40 prizes of \$10,000 (1/4/12)
- 750 prizes of \$1,000 (1/4/12)
- 350 prizes of \$500 (1/4/12)

**Remember that there are
only 300,000 tickets available.
Once they're gone...that's it.**

We are proposing the following:

1. You can spend \$20 and be placed in a pool with 4 others (so 5 total), sharing 4 raffle entries. If you'd like to spend more, other pools should be available, thus you can spend multiples of \$20 to get into multiple pools.
2. In order to hold costs down, numbers purchased for you and

your group will be posted on our website only. Once your order has been placed and we purchase the raffle tickets, you can come back to this page and enter your ID number to view the raffle serial numbers purchased for you. **For those of you who don't have access to a computer, just call us and we will give you your raffle ticket numbers.**

3. Once the drawing occurs, our super-duper, all knowing computer will tell us immediately who the winners are and what your share is. We will post this on the website as well.
4. Because there will be only a limited number of tickets sold, and we don't know exactly when they will sell out, all orders are subject to availability and we recommend you get your order in as soon as possible.
5. We are and will continue to take orders as long as tickets are still available. You may send a check (payable to PowerPick) or pay using your bank card or check by phone.

So make the commitment now to start the New Year off right by joining the fun and sharing in the excitement! If you have any questions, please call us locally at 602-995-9200 or from elsewhere around the state at 800-274-7529.

ORDERING

**Just Tell Us How Many
Raffle Pools You Would Like**

1. **CALL US.**
2. **MAIL** in your request along with a check.

The cost is \$20 for 4 raffle tickets in a pool size of 5.

**You can spend \$20, \$40, \$60, \$80, etc.
to get into multiple pools.**

**Questions or Orders?
Just give us a call at
