*Bringing You the Latest News, Winners & FUN!*

## Letter from the Founders

*Andy & Judy Amada*

How is everyone doing? We hope you are all staying safe, feeling well and feeling hopeful for the future. As for us, we are ALWAYS feeling hopeful for all of that AND for lots of lottery winnings. Playing the lottery seems to be a game of highs and lows. While there are a share of lows, there are also some exciting times. One of these days, we plan to see the ultimate high... a jackpot winner or two, or three or more. We do see winners every drawing, but like you, are looking for those substantial wins.

In the meantime, we want to make the journey an enjoyable one. With that in mind, we do have multiple ways to win. First of all, there are those of you who do an automatic monthly play that covers you for every drawing without fuss or muss. Then we have daily and weekly and monthly plays featured on the EZPooling website page. More and more of you are finding the convenience and ease of jumping in any pool, any size, whenever the mood strikes. It is, without a doubt, the easiest and fastest way to play.

For new players, once you have given us your preferred payment method over the phone, you can then add, delete or edit your payment method, all through the EZPooling website. Let us know if you have any questions about this. It is a relatively new feature, but really puts this right at your fingertips. Night owls and early risers alike can jump in on any game at any time.

Not sure how many of you are aware of our Weekly GiveAways on the EZPooling website. Look for the "Free Weekly Giveaway" bar on the web page. When you click on that, you may choose one of three giveaways...a \$20 gift card to the QuickTrip gas and convenience store. Or you can choose to win \$20 worth of scratcher tickets, OR \$20 of play credit deposited into your pooling account. These three choices are our most popular giveaways and we randomly draw a winner in each category once a week. You can enter every week and you are eligible to win as often as your name is drawn. You may not be aware of this, but compared to many sweepstakes available to you, this one undoubtedly has the best odds. There is probably an average of 150 entries per week, as compared to thousands of entries in other contests. This means that your odds of winning something is quite high, and you know us...we LOVE to make winners.

So there's a quick snapshot of many ways to win with, of course, any old jumbo jackpot being the home run for all of us. It's spring! So take a swing at winning. We're here to help you make it happen!
