### STOP THE PRESSES!

We had the newsletter all ready to go and then we had another story to go with....WE HIT THE FANTASY 5 JACKPOT...AGAIN! That's right, folks, that makes THREE Fantasy 5 jackpots under our belts...so far! This is one of those games that gives you a chance to strike it rich SIX nights a week and sure enough, we hit it on Friday, April 26 for 53,000 big ones!

Statisticians tell us that consistency is the name of the game when playing the lottery, and by golly, they have a point. Sure, the big, jumbo jackpots are very attractive and everyone wants to jump in when those numbers skyrocket. We get it. We really do. But here's the perfect example of hitting a jackpot no matter what the dollar amount is. Not one of the winning pool members who had a \$5,300 share would disagree with that either. Moral of the story here is to name your game, make your bet and keep your finger in the pie, your toe in the water, or whatever phrase floats your boat (oh, there's another one). Because a winner can come at anytime, anywhere.

Seems like this would be a good time to remind you that not only have we hit the Fantasy 5 jackpot three times now, but we've had four out of five numbers over 300 times! And how about The Pick? Are you sitting down for this one? We've had five out of six numbers 75 times. Are we due to hit that one? We think so! Wanna Bet??

And as for those jumbo winners, we have had five out of six numbers 9 times in Powerball and 3 times in Mega Millions. So as you can see...pooling pays. Hitting a jackpot, any jackpot, could happen in the future...or it could happen TONIGHT. You just never know. So get yourself in a game, play consistently, if you can and take a chance. It just might pay off!

Here is a copy of our WINNING Fantasy 5 Jackpot ticket. Pretty, isn't it?

Congratulations to our winners!!!

Just a Thought...

## SCRATCHER POOLS CONTINUE TO OFFER GREAT PRIZES!!

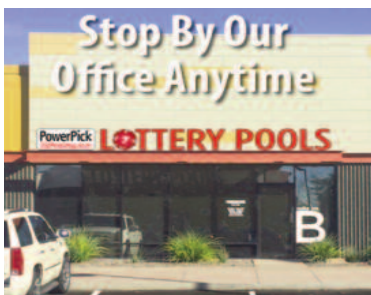

The current game has 6 \$2,500,000 prizes!! plus over 35,000 additional prizes that will put money in your pocket. We have 2 pools - both are made up of 10 players. You can share in 16 tickets for \$49 or 9 tickets for \$29. These are \$20 tickets, so you are getting quite a bit of play.

Scratcher pools will be coming to the EZPooling website soon. The programmers have already started on it. They will be adding a screen on ezpooling.com so that you will now have another way of signing up. And, of course, once we have that screen up and operating, who knows what other exciting additions we can add to that! We are looking to launch the new screen in May!

## ARIZONA LOTTERY NOW ALLOWS WINNERS TO REMAIN ANONYMOUS!!

Yes, it's true. Winning the lottery now becomes more private for you. Arizona has become the latest state to allow lottery winners to remain anonymous. Governor Doug Ducey signed the legislation that any lottery winner of \$100,000 or more can request that personal information, including their name, is not disclosed to the public.

Some have argued that the only way the public has an absolute guarantee of integrity as far as real people winning these prizes is to be able to know who wins these prizes, but privacy and safety rights prevailed. Arizona has become the third state this year to allow winners to remain anonymous after WV and VA passed similar legislation in recent months. They joined nine other states in allowing winners to remain anonymous. They are, DE, GA, KS, MD, ND, OH, SC TX and WY. For many years prior to this latest development, there wasn't much movement on the issue, but legislators are becoming more aware of the potential difficulties that going public can cause lottery winners.

At the time of this writing, it is unclear when this law will go into effect. We are guessing sometime in the next six months. Of course, in the case of PowerPick Player's Club, we have always gone with the notion of, PowerPick will take the Fame...YOU take the Fortune!
