*Bringing You the Latest News, Winners & FUN!*

## Letter from the Founders *Andy & Judy Amada*

Welcome to almost summer...where the temps heat up and so do the jackpots! Soon you won't want to stick your nose outside, unless it's to be near water. But if you want to sign up for a hot jackpot, simply go to our EZPooling.com website and choose your winners! It's easy and fun. It's 24/7 action. Once you place your selection, the only thing left to do is cross your fingers because PowerPick does it ALL! Easy peasy, secure and you can play for as little as \$3.25...less than a cup of coffee. And may we humbly say, dealing with a 30 year old, A+ rated local business is a winner for all of us!

So have you tried the "new" Mega Millions game? We have heard that many folks throughout the nation are not at all happy with the new \$5 price point. We get it. We really do. But as most of you know, you still can play the game without spending a fortune because of utilizing pooling to give yourself the most chances for the least amount of money.

For instance, did you know that you can be in a pool of anywhere from 4 to 40 tickets per drawing for the low price of \$3.25?! It's true. The number of tickets is based on the size of the pool. So, for instance, if you want 40 tickets in a group of 200 people, yup, ONLY \$3.25. Far less than the cost of a single Mega Millions ticket. If you purchased 40 Mega Million tickets on your own, the retail cost would be \$200! Only makes sense that

spending \$3.25 instead of \$200 is the better way to go. Yes, you share the winnings, but jackpots are high enough always to share. And with the new multiplier feature, your wins will multiply 2 to 10 times. This makes the minimum ticket win \$10. Go back and re-read this paragraph please. 😊

Scratcher pools remain popular and among the games with the best odds. We have so much fun putting these together and redeeming the tickets with crossed fingers and toes and then

reporting the results. Remember that we choose the higher priced scratchers for this because when you're sharing the cost with a pool size of only 10 people, it just makes sense. AND...we understand that a \$100 Scratcher Ticket will be in the offering at some point! Amazing, right?

The launch date of that \$100 scratcher is still unknown, but stay

tuned for updates in the future.

So before you head outside to swim, whether it's to the beach or your own backyard, remember to "Dive IN" to a lottery pool first to maximize your lottery play and have all those chances working for you in the background while you're off having fun and keeping your cool!
