

MAY - JUNE 2026

# PowerPick *Player's Club* Goodtimes

*Bringing You the Latest News, Winners & FUN!*

## Letter from the Founders *Andy & Judy Amada*

Greetings one and all. And what's the news across the Lottery Nation? Well, we'll tell you. Beginning in late summer, Powerball jackpots are set to grow faster. How so? Well, we'll tell you that too. The game is expanding to include players in the U.K.

Through this agreement, the number of lotteries pooling funds for the jackpot will increase from 48 U.S. lotteries to 49 with the addition of the UK National Lottery, marking the first time a non-U.S. lottery will contribute to the jackpot.

The folks at Powerball say this expansion is driven by two key goals. First, with the addition of the UK players, the Powerball jackpot is expected to grow more quickly due to a larger population base playing the game, all without altering core features that U.S. players value, including the \$2 ticket price and jackpot odds.

The other key reason of expanding the jackpot to the UK is to strengthen the long-term sustainability of the game and the good causes it supports. More than half of every \$2 Powerball ticket stays in the jurisdiction where the ticket is sold, helping fund public programs and services that support local communities.

Now all of this is subject to final regulatory approval from the UK regulator, the Gambling Commission.

This STILL means that pooling your lottery dollars to increase your odds keeps making the most sense. Only pooling can increase the number

of combinations you play more than any other way of playing, AND saves you money at the same time.

With so many of our members sharing the goal of WINNING, how can we go wrong? We appreciate each and every one of you and our Mission Statement remains solid. WINNNNNN! Stay cool and we'll see you in July!!

### Newsletter to Go Online Only

This little newsletter that you may be holding in your hand will be the last printed copy you'll receive. As you likely have seen, many printed missives have gone away, in favor of online versions only. All of this saves time, money and even TREES!

Most of our members go to EZPooling to see their numbers, results and newsletters too. Aside from being very efficient, it also allows us to keep costs steady. With the rising cost of EVERYTHING, who can complain about keeping costs steady?

Our newsletter has been available on the EZPooling website for some time now, so that will continue and we will alert you whenever a new addition is available. Happy reading everyone!

**Just a Thought...**

*Happiness is an inside job.*

# The Ultimate FUN!!!

**Our Latest Scratcher Pools.  
Added the 200X  
Every Tuesday Wednesday.  
Prizes range up to \$5,000,000!!**
