Bringing You the Latest News, Winners & FUN!

Letter from the Founders

Andy & Judy Amada

Happy Holidays to everyone! This newsletter is a bit delayed due to the INCREDIBLE recent \$2 BILLION Powerball jackpot. We've been a bit busy, but having so much fun sharing the excitement and the dreams with all of you. We appreciate each and every one of you. Jackpots – big or small – we thank you lottery lovers and all of you who never give up on the dream!

Many times we are asked about pool sizes and the question hinges on whether it's better to do a smaller pool size or a larger one. Of course the answer is the one with the winning ticket! Okay, sarcasm aside, there really is no correct answer. Smaller group sizes cost more because there are less people sharing the cost of the tickets, but the prize share is larger. Larger group sizes give you the most bang for your buck as far as number of tickets, but the prize shares are smaller. But there is another option . . . the Power Play or Megaplier pools. Here, the non-jackpot prizes are multiplied up to \$2 Million with the Power Play option and up to \$5 Million with the Megaplier.

We really have an equal number of players who do small groups and those who do large groups. Basically we would say it has to do with the size of the prize. Certainly the Fantasy 5 game has smaller jackpots so we stick with the

smaller group sizes there. Then again Mega and Powerball jackpots grow so big that sharing with a bigger group still gives you plenty of available winnings. Then there is the player who hedges the bet and does a little of each. With respect to the Power Play vs Megaplier pools, we do have more players choosing the Megaplier pools. Now you know why we say there is no ideal answer to this one. Our best advice is...keep on pickin'!

Under the banner of news...we will be updating our website soon. It is way cool! No worries though. Once you pass all the bells and whistles, the order page will still be recognizable and easy to use. Stay tuned for the update, which we hope will happen before the next newsletter.

As we enter the holiday season, we are reminded to be grateful for all we have and want that special feeling to carry us all through the New Year. Whatever your troubles or worries, we hope that 2023 will be a fabulous year for all. We wish you peace, love, health and an abundance of happiness.
