Bringing You the Latest News, Winners & FUN!

**Letter from
the Founders**
Andy & Judy Amada

Happy Holiday season to all of you. 'Tis the season, as they say. We say 'tis the season for WINNING, and we're aiming to do just that. Whether it's online games or scratcher pools, we are your lottery headquarters for all things fun and exciting, and that certainly includes winning!

As we all know, odds are tough, but we are toughing it out by offering pools that allow you to share the chances and share the winnings while saving you money doing so. It's also our goal to bring you more fun and excitement and having HUNDREDS of tickets working for you is far more exciting than one little chance or two. Yes, it just takes one, but do you want to dip your hand in a hat full of chances one time or hundreds of times? Pooling just makes sense.

Of course with the holidays upon us, we often dream of hitting it big during this season. What would you do with your winnings? So many of you have expressed a desire to help family members and others and in this season of giving, we are so pleased to know that people still like giving and sharing no matter what the season. It just speaks to what great members we have. Of course, with a JUMBO win, there is always room to treat yourselves as well and make some of those dreams come true.

These past couple of months have seen some of the largest jackpots ever and we suspect that trend may continue. During this time, we had two

different tickets on different nights that were each one number away from \$2 million. IT'S GOING TO HAPPEN! What we are saying is that these huge jackpots offer plenty of money to share and make pooling even smarter.

In the meantime, we are working on more and better ways to win and some of that will be coming next year. For one thing, those scratcher pool selections will SOON be available on our EZPooling website for ordering, and that's exciting. Remember that these instant tickets do have better odds and we keep the pools at only 10 people, so there is always plenty to share. We also shoot for those high priced scratchers that you may be reluctant to try on your own. But group play makes them more affordable and more exciting to be able to play with multiple tickets too! As far as we know, NOBODY does scratcher pools except US. So these are unique pools that we are happy to bring your way.

Time to reflect on a great year with great and supportive players who all share a dream. We wish you a most Happy, Healthy and Blessed holiday season and New Year. We thank each of you most sincerely and promise to keep the dream alive and the fun going!
