Bringing You the Latest News, Winners & FUN!

Letter from the Founders *Andy & Judy Amada*

Hope this newsletter finds you well and safe! What a year this has been for all of us. Never in our lifetimes have we seen such chaos, fear, worry and, yes, even hope. At the writing of this newsletter, we now hear that an asteroid is coming close to us. What next? Don't ask. But here's a thought: With all that's going on, and with each day bringing some new anomaly, this would be a fabulous time to have a big jackpot winner. Raise your hand if you agree. Ahhh, yes, ALL of you agree. So let's GET IT DONE!

You have probably noted that the sky high jackpots have been absent in the past few months. The virus is one reason for this, as sales all over the country are down. But are we going to let that stop us from winning? Nosiree-Bob! I think that even a 'measly' ONE MILLION DOLLAR jackpot would be a dandy notch on our belts and we are continuing to aim high for each and every game being played. In any game, a multi-million dollar jackpot isn't any harder to win than a smaller one. Consistency is the name of the game.

Many of you have jumped into one of our scratcher pools. Remember that the odds of these scratcher games are some of the best and that's why those sales have continued to be strong for the lottery. Again, our aim here is

to hit a substantial prize and, to that end, we are choosing the high dollar tickets and also look for the ones with the most winners and best odds. Many players like this once a week option. We send out an email every Tuesday and will generally have pools available Tuesday, Wednesday and sometimes on Thursdays. You can try it one time only, or sign up for once a week or once a month. If you miss one week, we add your name to the following week. Once the pool is formed, we purchase the tickets and email an image of the ticket with the serial numbers to you. On that same day, we will redeem the tickets and email the results to you as well. So it's a one day turn-around and really has been fun for all of us. Of course some results are better than others, but so far, it's been a good bet.

We want you to know that we truly appreciate your business during these difficult times. Advertising isn't cheap and so word of mouth is a great compliment to us and we thank you very much. Now, let's get down to business and WIN, WIN, WIN! And please...take care of yourselves!
