Bringing You the Latest News, Winners & FUN!

Letter from the Founders *Andy & Judy Amada*

We've been working behind the scenes for quite a while, and we're excited to introduce our NEW EZpooling order page! Have you seen it yet? If not, go take a peek. It's slicker. Simpler. Faster. And best of all...ONE SCREEN ORDERING! That means fewer clicks, less jumping around, and a much easier way to find exactly what you want to play.

We think you're going to love it. And because we know you're busy, we've made another little improvement: jackpot amounts now scroll right across the home page. No hunting. No extra clicking. Just look up and—BOOM!—there's the jackpot. You're welcome.

Here's one of our favorite new features. We're showing you how much money you save by pooling instead of buying all those tickets on your own. And honestly? The numbers are pretty amazing. More tickets. Shared cost. More chances to be in the game. Less money spent per person. That's the beauty of pooling! In fact, we encourage you to share that savings number with your friends. Go ahead. Astound them. Then tell them, "You're welcome."

Of course, we know some of you still like to buy a single ticket for yourselves every now and then. And that's okay! Think of your EZpooling play as a little bit of lottery insurance. More tickets. Less money. More opportunity without having to go it alone.

New Things Can Take a Minute. We get it. Whenever something changes, there's usually that first reaction: "Wait...where do I click?" Totally normal. Give the new site a little time. Poke around.

Click a few things. Noodle around. We think you'll quickly discover that it's BETTER!

Have you seen EZpooling on Facebook, Instagram, or TikTok? If you have, give us a LIKE and leave a comment while you're there. We'd love to hear from you. The more tickets we buy, the more winners we hope to see. So invite a friend. Tell a neighbor. Mention us to that person at work who is always talking about the lottery. You know who they are.

Before you know it, it will be holiday time. Yep. They're coming. The weather gets cooler (HOORAY). The holidays arrive and your calendar fills up. Suddenly you're shopping, wrapping, cooking, traveling, decorating, attending parties and wondering how December got here so fast. We get it. That's why EZpooling makes it easy to keep your lottery play going.

Just grab your phone, laptop, or computer, hop online, and pool your lottery dollars with others who share your most important common goal: WINNING! And we're happy to be here for you whether the jackpot is...\$500 million, \$800 million, or even a humble One Million Dollars! We appreciate every member, and every bit of support you give us. Thank you for being part of EZpooling. Stay safe. Stay happy. Keep pooling and BE LUCKY!
